M.S.O. NEWS 3(en) – 30.09.14

In our **MSONews** n. 2 we have detailed many possibilities of communal services born in Toronto after the “Recommendations” of Tangier’s Conference. Here are the developments :

DIABETE DAY in MEDITERRANEAN SEA

Many Districts will organize activities of **screening** and **disclosing** on **14th November**, Lions worldwide day for diabetes . This was an idea of All Africa 2014 in Tunisia and developed in Toronto: present Lions Association to the communities with a common image and documentation. You will receive next days a flyer in three languages, the same for all districts and a single card for the data of screening, with common logo.

In this first experience naturally each district can organize the screening as he likes, the important is : **“Lions of Mediterranean sea works united against diabetes”**

PEACE POSTER “MEDITERRANEAN”

Many Governors of the Observatory’s area agree to launch a competition for all Districts “Poster for Peace in the Mediterranean Sea”. We will present in Birmingham a proposal for a Regulation like we saw in Toronto, here are your advices :

- Regulations similar to Peace Poster used actually by Oak Brook
- Candidaci : one per District
- organized by the District of the Mediterranean Conference in 2015
- finals selections in Pescara or selections 1 month before and invitation to Pescara of winners if Districts will contribute to expenses

We hope send as soon as possible proposal quickly in order to be prepared for Birmingham.
