

MSO news N. 6 - 18.02.2015

DIABETE - Many initiatives in the field of **diabete** have been implemented in the Mediterranean countries in the worldwide day of Diabete and not only, with our MSO diabete logo.

POSTER - Many Disctricts have already sent the drawings for a “**Mediterranean Poster, a Peace symbol**” and are arriving from both sides North-South of the Mediterranean Sea.

TWININGS - After a comparision of available data with Oak Brook, we are continuing our research.

RELATIONS - We were present in Paris at the **MD 103 France headquarter**, and we informed personally all DG and VDG on 2015 Conference and on Pescara, an attrattive city and how to reach it. We were also present at the **Lions Conference of Arab countries on Marrakech** 9-11 January 2015 with a concrete message of solidarity and collaboration with our friends of the South bank, we are all part of the big Lions Family: they will participate numerous at Pescara. Possibility of **tours to Rome and Italy** to increase their interest to come.

CONFERENCE - We have promoted it sending messages to Districts, Clubs, friends informing on advantages to be registered before 31 January. **URGENT: a new facilitation** is still available, for **registration before 28 February**, at the website: www.medconf2015.org, **NB We recommend to book meals agreed at the Marina, now**, as the distance to the City Center is 2 km. We have been in Pescara these days and meet with the Organisation Committee, they are working hard and making good job. The hotels Victoria and Plaza are **easy to reach walking** from the Railway Station, Carlton is not far and well located along the Beach. Very pleasant to go around in the City Centre, pedestrian roads fitted for good shopping. Programmes for accompanying persons are very interesting. We remind the **attendance of the International Président Joe Preston** with his wife Joni to Pescara Conference.
